PARTNERING WITH THE FUTURE

WORKING WITH YOU INTO THE FUTURE ►

WELCOME

From our inception, Miraite Global Company Limited has grown into a multi-disciplinary service provider delivering excellence across import, logistics, and business consultancy. With each engagement, we bring a deep understanding of the complexities of modern commerce and a commitment to delivering practical, tailored solutions.

Today, we are proud to be recognized—both locally and internationally—as a trusted brand known for reliability, efficiency, and consistent value creation. Our clients and partners regard us as more than a service provider; we are a strategic ally dedicated to unlocking growth and securing long-term impact.

We look forward to extending this expertise to your business, helping you navigate opportunities with confidence and clarity.

Francis Festus Kweku Addae
CHIEF EXECUTIVE OFFICER

1 WHO WE ARE

Miraite Global Company Limited is a diversified, sub-regional enterprise specializing in Import & Export, Logistics, Business Consultancy, Real Estate Management, and Infrastructure Development, including building and road construction. With operational footprints across multiple countries, we deliver integrated, cross-border solutions that support economic growth and business continuity.

2 WE UNDERSTAND YOUR NEEDS

We recognize the demands of a fast-paced business environment—and the value of simplicity, clarity, and reliability. That's why our approach is rooted in providing smart, cost-effective solutions that eliminate complexity and unlock opportunity. At Miraite, we don't just deliver services—we design outcomes tailored to your success.

3 WE KNOW WHAT IT TAKES

Success in today's global marketplace demands more than good intentions—it requires insight, agility, and execution. At Miraite Global, we understand the nuances that drive results across borders and industries.

Whether navigating regulatory landscapes, managing complex logistics, or designing growth strategies, we bring the right blend of expertise, experience, and precision to the table. We know what it takes to turn ambition into achievement—and we're here to help you do exactly that.

4 WE MAKE IT HAPPEN

From concept to completion, we're relentlessly focused on delivery. Our multidisciplinary capabilities are backed by a network of trusted partners, advanced tools, and a culture of accountability.

We translate ideas into impact—crafting tailored solutions that are not only effective but sustainable. At Miraite Global, we don't just talk about results. We build them, scale them, and see them through.

OUR SERVICES

ENGINEERING AND CONSTRUCTION

We bring engineering excellence to every project, from urban centers to remote regions. We combine precision, innovation, and quality assurance to deliver engineering solutions that power progress and connect communities.

REAL ESTATE DEVELOPMENT

We are redefining living and working spaces with modern, functional, and sustainable real estate developments. From concept to completion, we create spaces where people and businesses thrive.

AGRICULTURE & AGRO-ALLIED SERVICES

We support the transformation of Africa's agricultural sector through innovation, empowerment, and sustainable practices. We help feed nations, empower farmers, and boost local economies through smart agriculture.

BUSINESS OPERATIONS

Our Operations Practice sits at the intersection of strategy, technology, and transformation. We connect boardroom strategies to the frontline, infusing technology where and when it matters, and rapidly delivering lasting transformations enabled by capability building.

PROCUREMENT AND LOGISTICS

Efficiency, reliability, and transparency define our procurement and logistics operations. Our services cover:

- Local & International Procurement
- Equipment & Material Sourcing
- Logistics Planning & Supply Chain Management
- Warehousing & Inventory Solutions
- Transportation & Distribution Services

OIL AND GAS

We deliver expertise at every stage of the oil and gas value chain, supporting operations with technical, environmental, and logistical services:

- Pipeline Construction & Maintenance
- Site Development & Civil Works
- Technical Staffing & Project Supervision
- Health, Safety & Environmental Compliance
- Energy Project Management & Consulting

We help energy companies operate safer, smarter, and more sustainably.

RENEWABLE ENERGY

As Africa moves toward a greener future, we lead the charge with scalable, sustainable energy solutions:

- Solar System Design & Installation
- Off-Grid & Mini-Grid Power Solutions
- Energy Audits & Consulting
- Solar for Schools, Health Centers & Rural Homes
- Clean Energy Education & Awareness

Lighting the way to a brighter, cleaner, and more inclusive tomorrow.

CROSS BORDER SHIPPING

We pride ourselves as being a company that truly takes a rigorous and proven approach to cross border shipping.

MULTIPLE DELIVERY OPTIONS

Depending on our customers' needs, we use the cheapest, safest and fastest routes to get their goods to shore. You can be guaranteed of a safe, secure, and timely shipping service experience with us.

STRATEGY & CORPORATE FINANCE

Making the right moves involves using granular analysis to choose the right submarkets, and upending the traditional approach to planning by reallocating resources—people, money, and management—to new areas.
